

Science Curriculum Map

Physics

Year 6

- Light-- exploring the way light behaves including light sources, reflection, shadows
- Electricity
- Famous scientists and their contributions to the world

Upper KS2

Year 5

- Earth and Space
- Forces and falling objects

Lower KS2

Year 4

- Sound
- Electricity-- series circuits, switches, conductors,

Year 3

- Light-shadows and reflections
- Forces and magnets

Year 2

KS 1

Year 1

- Seasonal changes-nature and field journals with observations over time of plants, weather and the length of day.

EYFS

EYFS

- Similarities, differences, patterns and change.
- Similarities and differences in relation to places, objects, materials and living things.
