Carlos's mother works for IBAMA, Brazil's Environmental Authority. As head of a specially trained task force, her role is to protect the Amazon from the farmers, loggers and miners who are illegally destroying the precious rainforest. It's a dangerous role and when she upsets some of these land-grabbers, they decide to teach her a lesson by kidnapping her son, Carlos.

Taken deep into the Amazon, Carlos manages to escape his captors only to find himself trapped by the fast-moving fires. Will he be able to outrun the flames as the world around him burns to the ground? The terrifying reality of illegal deforestation and the destruction of the rainforest is revealed in this powerful and gripping Amazonian adventure from bestselling author Steve Cole.

Mining for tin in deep, dangerous trenches is the only life that Tono has ever known. Worked to the brink of exhaustion each day, his only escape is in the precious moments when he reads his dad's old comics. In a world of heroes and superpowers, he can forget the terrifying mining pits. But an underwater avalanche, a glimpse of something bright red in the sandy seabed, and a canny sidekick are about to transform Tono's life forever ... Fate collides with a stark reality in this truly unique and unforgettable story.
