Dear parents/guardian,

As part of our 'Education in Personal Relationships' we plan to do some additional work with the Year 5 and 6 girls and boys.

On **THURSDAY 27th June 2021** the school health advisor, Gen Murray, will give a talk and show a video to the boys and girls separately.

The talk and video deal with preparing for puberty and bodily changes that are experienced between being a child and a teenager.

If you do not wish your child to be present during this session, could you please inform the school in writing.

Yours faithfully,

T. Cavanagh
